

**CUSTOMER ASSISTANCE GUIDE  
BUILDING PERMIT APPLICATION SUBMITTAL REQUIREMENTS**

**COMMERCIAL AND MULTI-FAMILY**

- Please read all of the following information.
- The following is a check list. You must have a “checkmark” in all the sections listed below prior to submitting your application

\_\_\_\_\_ Sub-division and land development approval, if required.

Plan Review options:

\_\_\_\_\_ Plans may be submitted electronically (**Preferred Method**) by going to our website, [www.mdia.us](http://www.mdia.us), and click on Offices, click on Plan Review and then Submit Plans. If using the electronic method, once the plans are approved, they will be returned to the design professional and it will be their responsibility to make as many hard copies as needed and provide them to the BCO and the municipality so the permit can be issued. No permits will be issued and construction **shall not** start until all applicable fees are paid. It is then required that a completed set of stamped plans be on the jobsite and made available to the field inspector during the construction.

OR

\_\_\_\_\_ 3 (three) complete paper sets of sealed drawings, including specification books from a PA registered design professional that show in detail code compliance for all work proposed.

\_\_\_\_\_ A site plan showing the outside dimensions of the proposed structure, including distances in feet to the front, sides and rear property lines.

\_\_\_\_\_ Sewer permit.

\_\_\_\_\_ Workers' compensation insurance certificate or an affidavit of exemption.

\_\_\_\_\_ Location of parking spaces, accessible routes, public transportation stops and other required accessibility features.

\_\_\_\_\_ Highway access permit Penn Dot/Municipal, if required.

\_\_\_\_\_ Plan review/fee (permit clerk will calculate).

\_\_\_\_\_ Automatic fire sprinkler system designed in accordance with NFPA 13 where applicable.

\_\_\_\_\_ Completed building permit application.

MDIA will review plans submitted to determine code compliance. If the minimum submittal requirements are not met, we will ask the applicant to supply additional information. If the minimum requirements are met, the plans will be marked “approved”. A building permit will be issued and the applicant will be notified of the inspection fees and when they can pick-up the permit at the Municipal Building. All fees shall be paid prior to the issuance of the permit. Then use the inspection procedures provided to have all of the required inspections performed.

## **INSPECTION PROCEDURES COMMERCIAL AND MULTI-FAMILY CONSTRUCTION**

## What do we do?

We are the "Call before you dig!" company for all of Pennsylvania. If you plan to disturb the earth with powered equipment, you are required by Pennsylvania law to notify the underground utility companies of your intent to do so. Notification occurs by calling 8-1-1 or 1-800-242-1776, 24 hours of the day, every day of the year. Notification can also be done on our website at [www.paonecall.org](http://www.paonecall.org).

We will then notify the utility companies nearby of your intent to dig. The utility companies are responsible to mark where their underground lines are located with colored flags, paint or chalk.

### Please Note:

- PA One Call does not mark utility lines.
- In some cases, the utility company may not mark the service lines you own.
- If you need your sewer drain cleared be sure to check [www.paonecall.org/crossbore](http://www.paonecall.org/crossbore) for Call Before You Clear information or call 811 for more information.

## Why should you call?

Safe digging is no accident! If you are installing a fence or deck, or digging for a mailbox post, patio or other excavation project, it is important to know what's below. Dial 8-1-1 or 1-800-242-1776 before you dig. The utility companies do not want an accident, either. The best way to learn where underground utility lines are located is to call before you dig.

For more information, visit [www.pa811.org](http://www.pa811.org)

## Homeowner Quick Tips

- One easy phone call to 8-1-1 three to ten business days before digging begins helps keep your neighborhood safe.
- Call on Monday or Tuesday if you plan to dig on Saturday or Sunday.
- The utility companies will mark where their underground lines are located with colored paint, flags or chalk.
- Do not remove the flags if you see them in your yard.
- Our service is no cost to homeowners.
- Did you hire someone to install your fence, deck or new patio? Ask to see the **PA One Call** serial number before allowing them to dig on your property.

## The Excavator's Responsibility

- Dial 8-1-1 or 1-800-242-1776.
- Do not allow anyone to excavate on your property without calling.
- Always look for the markings on the ground before your dig date.
- If you do not see markings, do not allow anyone to dig. Wait for the lines to be marked by the utility.
- Whoever places the call will receive an email or fax with a list of facility owners who have marked or have not marked. Pay attention to this message.
- Respect the markings by not removing flags or disturbing the actual markings.
- Exercise care around the marked lines by hand digging.
- When the project is complete, the excavator should remove the flags or marks from the ground or pavement.
- Report mishaps by dialing 8-1-1. Report emergencies by dialing 9-1-1.

## CONSTRUCTION DOCUMENTS REQUIRED
