Business Licenses and Permits

Every business needs one or more federal, state or local licenses or permits to operate. Licenses can range from basic operating to very specific permits.

The following are common types of **local** permits and licenses. If you are unsure if you need a permit or license, please feel free to call our office.

Commercial Tenant Permit - A permit is needed when a new tenant takes over occupancy. Even if the business remains the same but has taken new ownership, a new commercial tenant permit must be filed. A zoning check will be preformed by the zoning officer upon receipt of the Commercial Tenant application. Certain commercial and industrial uses are only allowed in certain parts of town. Please check the town's zoning map and/or contact our zoning office if you have questions before renting or buying a business property.

Health License - If you own an eating, drinking or food establishment (any place where food is sold or served) you will be required to have a yearly health inspection. When your inspection is approved and your fee is paid, you will receive your annual Health License. Please contact our Borough office so we can give you our Health Officer's information. You will be required to have an initial inspection as well as a yearly inspections.

Building Permit - This permit is generally required if you are constructing or modifying your place of business. Please contact the Borough office if you plan on making any modifications to see if you need a permit. These could require zoning requirements as well as inspections from our third party inspector.

Signage Permit - This permit is needed if you are going to place a sign or window graphic on your place of business. Please contact the Borough office to see if you need a sign permit.

Exterior Amenities Permit - This permit is needed if you are going to place merchandise displays, retail racks or "A" frame style signs outside your business.

Change of Use- When a new tenant moves into an existing building it must meet zoning code. If you plan to change the use of the space to something that was not in the space prior, you may need to change the use of the building. Zoning will let you know if it is allowable and our outside inspectors will ask that you follow the Uniform Construction Code guidelines.

Most of our Permit Applications can be found on our website: beaverpa.us

[Ord. 608, 12/29/1979, § 3; as amended by Ord. 636, 12/9/1986, § 2]

Every person engaged in any business in the Borough, beginning with the calendar year of 1987, and thereafter, shall pay a tax at a rate of 5 1/2 mills on each dollar of volume of the gross receipts of that business, except that the gross volume of wholesale business transacted by wholesale dealers in goods, wares and merchandise is taxable at the rate of one mill as set forth in Section 8 of the above Act of December 31, 1965, P.L. 1257, as amended.

What is the Business Privilege and/or Mercantile Tax?

The Business Privilege and/or Mercantile Tax has been levied by the Municipality and/or School District in which a business is located and is based on the gross receipts of such a business.

What are Gross Receipts?

Gross receipts means gross consideration received in any sale made or services rendered; or commercial or business transaction occurring in or attributable to the taxing district including cash, credits and property of any kind or of any nature without deduction on account of the cost of materials, labor, services or other costs, interest or discount paid or any other expenses whatsoever.
