

Celebrate Arbor Day

Plant a Tree!

Order a discounted tree through the Beaver Borough Shade Tree Commission's Community Tree Planting program and have it delivered directly to your door!

HOW IT WORKS

Every spring, the Tree Commission orders trees at wholesale and offers Beaver residents the opportunity to buy them at a discounted price. Not only will residents receive the Borough's discount, but the trees will be delivered in time for Spring planting.

TO ORDER ONE OR MORE TREES THROUGH THE PROGRAM

Fill out the [**Community Forest Tree Planting Program Application**](#) on the Borough's website. Return the completed application to the Borough office. Upon receipt, you will be contacted by a member of the Shade Tree Commission to determine what type of tree or trees will best suit your property and best contribute to Beaver's overall Community Forest tree canopy.
